Buck Benny Barks Again

When better dog houses are built Jack Benny will be in them! That is, he will if Fred Allen and Mary Martin have anything to say about it, and they've plenty to say in Paramount's new comedy, "Love Thy Neighbor," the film in which that well-known radio feud comes to the screen. With Rochester among those present, the picture starts Sunday at the Sequoia Theater. Charlie Chan's latest, "Murder Over New York," will co-feature with this.

Action Drama at Redwood

"Break it up boys!", insists Sheriff Jack Holt in this dramatic scene from Columbia's new thriller, "Fugitive From A Prison Camp," which opened Thursday at the Redwood Theater. Playing the role of a two-fisted sheriff with a heart as big as the wallop in his fists, Holt battles to turn first offenders of the law into defenders of law and order. That's Robert Barrat helping to separate two first offenders who are anxious to fight it out to the finish. Marian Marsh is also featured in the film. A fast moving Western, "Border Legion," starring Roy Rogers, completes the program.

More than 10,000 acres of private and public land in Puerto Rico are expected to be put in use for national defense purposes.

Seal skins for the American trade are sold at public auction in St. Louis each September. They bring an average of about $22 each.

Dimes March Begins Here

The 1941 "March of Dimes" drive to amass funds for fighting infantile paralysis got under way in San Mateo County this week with the appearance on store counters, in banks, restaurants and other public places of more than 1500 "wishing well" containers to receive donations.

In the center of each "well" is a slot for dimes and beside it a compartment filled with 1941 "March of Dimes" buttons to be worn by the giver. Above the "well" are the words, "Make a Wish—It's Sure to Come True."

In addition to the "wishing wells," the county March of Dimes Committee, headed by T. J. Hallinan, has mailed 3000 letters requesting contributions to the campaign, which will last until the end of January.

The sale of buttons will also be carried to the schools, under the direction of PTA groups and Miss Pansy Jewett Abbott, county superintendent of schools; to churches, civic and fraternal groups, labor unions and women's clubs.

Theaters will conduct their own campaign. Money collected by the show houses will be turned in to their central committee for redistribution back to the county, as has been the practice in the past.

As in previous years, 50 per cent of the money raised in San Mateo County will be sent to the national committee to be turned over by President Roosevelt to the National Foundation for Infantile Paralysis. The foundation finances poliomyelitis research, allocating about $60,000 to laboratories in this state last year and nearly $710,000 over the nation.

The other 50 per cent will be administered by the county chapter to provide care for local polio victims. The chapter works in co-operation with school health authorities, the San Mateo County Medical Association and the office of Dr. Charles C. Gans, head of the county health department.

Clare B. Greenburg Dies After Illness

Following a long illness, Clare B. Greenburg of Sixth Ave., North Fair Oaks, passed away Sunday at a San Mateo Hospital.

Miss Greenburg was the daughter of Mrs. Clara Martin Greenburg of San Francisco, one of the owners of Martin's Beach on the San Mateo County Coastside. She was the sister of Mrs. Dorothy Weaton of Napa and Mrs. Emma Read of San Francisco, and was the niece of Mrs. Alice Mansfield, Mrs. Evalyn Dimock and Mrs. Florence Beebe, all of North Fair Oaks, and of Mrs. Luella Struthers, San Francisco. She was 54 years of age.

Baby Clinic Worker Paid Honor

For her work in the Redwood City Woman's Club Well Baby and Pre-School Clinic, in the Girl Scouts, and in advising students, Dr. Bertha L. Andrews of 204 Whipple Ave., Redwood City, was announced here as winner of the Community Service Award for 1940.

Dr. Andrews, a physician who turned her vocation into her hobby eleven years ago when she was married to Nelson Andrews of the ship repairing firm of Bowes & Andrews in San Francisco, was chosen Monday by a committee of 12 judges representing as many organizations in Redwood City.

As consulting physician at the clinic, which was started 12 years ago, Dr. Andrews spends each Tuesday morning administering to the welfare of preschool age children and infants. In reporting recently to the sponsoring Child Welfare Section of the Woman's Club, Dr. Andrews disclosed that in the first 11 months of 1940, the visits to the clinic had totaled 864 by infants and 100 by preschool children. Five tuberculosis tests were given, as were 25 small-pox vaccinations and 100 diphtheria toxoids. The county health department, through Director Charles C. Gans, furnishes all serums and toxoids, but the Woman's Club cares for other expenses as its chief philanthropy.

Zippers have been manufactured commercially since 1913 but until several years ago were used only on tobacco pouches, galoshes, etc.

Christopher, San Francisco Presidio, paid $2.50 for third lane driving, and Cecil M. Dutton, Veterans' Facility, East Palo Alto, forfeited $10 bail after his arrest for being drunk in a public place.

There are 506 Community Chest organizations in the United States.

Ingold will make his first bow as a Shrine officer at a luncheon to be tendered to Potentate Boyen in the Palace Hotel in San Francisco next Thursday noon.

The Dells—Yavapai Playground

One of the most entrancing Arizona drives is through "The Dells," Yavapai county playground on U. S. Highway 89 a few miles north of Prescott. Here nature has spread with a lavish hand a myriad of wild flowers, beautiful shrubs and trees surrounded by imposing and fantastic formations of towering granite. Carveth Wells, famed world traveler once said, "You could lose the Garden of the Gods in The Dells and never miss it." Sunset and sunrise at The Dells presents a vista of indescribable splendor as shafts of pure gold caress to glistening granite structures.

San Mateo-Santa Clara Congressional District Proposed

Combining of San Mateo and Santa Clara Counties into one congressional district would be provided under terms of a plan outlined in Sacramento by Sen. Robert Kenny of Los Angeles.

His plan would take the other counties of the present eighth district—Monterey, San Benito and Santa Cruz—and combine them with Santa Barbara, Ventura and San Luis Obispo, now in the 10th district, to form a new coastal district, No. 10½.

The realignment would give two of the three congressmen won through the last census to Los Angeles and one to the new area.

Kenny's plan will be introduced as an amendment to Kenny's bills already before the state senate.

Realignment and population of the new districts would be as follows:

Congressional Dist. 1 — Del Norte, Humboldt, Mendocino, Sonoma, Marin, Lake—285,085; 2—Siskiyou, Modoc, Lassen, Trinity, Shasta, Tehama, Plumas, Butte, Glenn, Colusa, Sutter, Yuba, Nevada, Placer, El Dorado, and Yolo — 301,849; 3 — Sacramento and San Joaquin—304,540; 4 and 5—San Francisco—634,536; 6 and 7—Alameda, Contra Costa—613,461; 8—San Mateo and Santa Clara—286,731; 9—Alpine, Amador, Calaveras, Tuolumne, Mariposa, Stanislaus, Merced, Madera and Fresno—357,682; 10 Kern, Tulare, Kins, Inyo and Mono—287,368; 10½—San Benito, Monterey, Santa Cruz, Santa Barbara, Ventura and San Luis Obispo—302,967; 11-18—Los Angeles and Orange—2,916,403; 19—Riverside, San Bernardino, Imperial—326,372, and 20—San Diego—289,348.

New Buses Planned For Peninsula Run

SAN FRANCISCO (AP)—Pacific Greyhound Lines has asked the State Railroad Commission to authorize purchase of 99 buses to cost $1,950,000. The company said 24 buses for the San Francisco-Peninsula short run, to cost $300,000, would be ready for delivery Feb. 1, and that the other 75, for main-line transportation, would be ready for operation by mid-Summer.

Shipyard Sought For R. C. Port

If there are to be any new shipyards built on the West Coast, a site for a yard at the Port of Redwood City will be up for consideration of those officials having charge of such construction projects.

This was learned here when Port Manager Leslie M. Rudy disclosed that he had been for many weeks negotiating for location of a shipyard at the local harbor. Rudy said he could not disclose the names of the parties with whom he had been conferring, because to do so might jeopardize the outcome of the negotiations.

Nor would he build any false hopes that a shipyard, which would mean an investment of millions of dollars, might be constructed here, Rudy said. He pointed out that a number of other sites are being considered, and that the San Francisco Bay Region already has five shipyards, including one at South San Francisco, so that at present there is a shortage of labor of the type suitable for shipbuilding.

"At present I cannot express much optimism," Rudy declared, "but there is a possibility that something might be worked out if the present situation continues and more yards are required.'"

Rudy said there was sufficient room on port property for a shipyard without hindering future development of the harbor, and that a satisfactory launching basin could be created.

"I was told not to be too optimistic," Rudy revealed. "On the other hand, I was told not to be discouraged."

"This program is only in the crawling stage so far," he pointed out. "Ships cannot be turned out in the numbers and at the speed indicated without new yards."

Value of a shipyard to this community would be almost inestimable. As an example of what a yard means, South San Francisco's Western Pipe and Steel Co. already has won two contracts with a total value of $22,595,000 and yesterday was disclosed to have been low bidder for the construction of four C-2 cargo vessels for the Maritime Commission with an adjusted bid of $3,350,000 each. If the firm wins the contract, total value of shipbuilding contracts won the past few months will be nearly 36 million dollars.

Since much of the contract price goes into labor, a shipyard for Redwood City would prove a valuable asset to the community.

MENLO PARK NEWS NOTES

MENLO PARK — The total rainfall for the season has been 9.85 inches, about 1 inch ahead of last year at this time. The San Francisquito Creek was half full on Wednesday, higher than it has been this season. Great numbers of salmon have been seen in the stream seeking the headwaters. Local poachers have caught several, notwithstanding that a game warden has been patrolling the stream.

★ ★ ★

Owing to the storm, there have been large flocks of wild pigeons here. The birds have been driven down from the mountains and are feeding on red berries and acorns. As they are non-game birds, they can not be shot. Hunters, beware!

★ ★ ★

The city council met Tuesday evening. Only routine business was transacted. The shake-up in the police department that was anticipated did not occur.

★ ★ ★

Tillio Panzini leaves next week for Camp Ord, where he has enlisted in the army. Other young men in town contemplate entering the service.

★ ★ ★

The Ramblers' Club Annual athletic entertainment in the grammar school auditorium last evening drew a large attendance. The boxing and wrestling exhibitions would do credit to professionals.

It was rumored this week that a theater syndicate had purchased a large piece of property on Santa Cruz Ave. on which to erect a modern theater building modeled after the new playhouse at San Carlos. Let's hope the rumor is true. We need a new theater.

★ ★ ★

The Men's Club of St. Joseph's Parochial School has scheduled two large money-raising events for the Spring to raise funds to pay for athletic equipment and hire of a coach for the pupils. They are Sports Night program Jan. 23 and St. Patrick's Day party Mar. 17. The latter will revive a tradition that was popular for a number of years.

★ ★ ★

When the weather clears up, work will begin on six large houses at the Flood Estate, the contract for which was awarded last November. The cottages will average $9000, approximately.

County Gas Contract 'Best', Says Peterson

San Mateo County will save more than $3000 this year as a result of a new gasoline contract which was awarded here to the Standard Oil Co. of California, according to County Executive Frederick Peterson.

Peterson said the contract was let on the basis of 8.63 cents a gallon, compared to a price of more than 10 cents last year, and tremed the price "the best in Northern California." He said it was the lowest the county has ever had.

The executive pointed out that the favorable price was obtained because the county agreed to take delivery in its own trucks at the five substations of the oil company in this county, thereby saving delivery costs by the firm.

The county annually uses between 130,000 and 150,000 gallons of gasoline.

Local Man Is Cited On Driving Charges

Bernard H. Gaugler, 22, clerk at the Emerald City Service Station, Redwood City, faces a misdemeanor hit-run charge as the result of a crash between the car he was driving and that of Ralph J. Stone, 26, San Francisco, in Palo Alto Sunday.

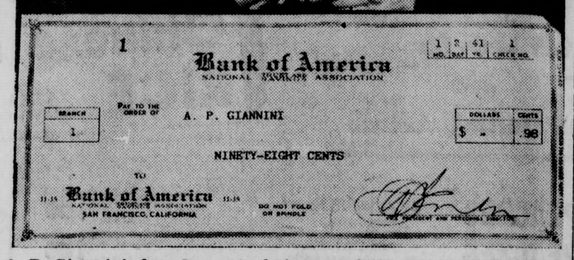

He is scheduled to appear before Judge John E. Springer on Jan. 23 at 2 p.m.

Stone reported to police that Gaugler failed to stop after the collision, and that he followed the Redwood City man's car for two blocks forcing it against the curb. After a pause, Stone said, Gaugler started up and did not stop again until he was downtown. Gaugler told Palo Alto police that he did not know that he had to stop after a collision.

James Johnson Again Heads County Butchers

James Johnson of Redwood City is starting his second term as president of the San Mateo County Butcher's Union. Johnson was re-elected at last week's meeting, held in Burlingame.

Clyde Studdert of San Mateo was named vice president, replacing R. B. Difranco, while Edwin F. Michelsen of Burlingame was renamed as secretary-treasurer and business representative. The three trustees, Al Hedrick of Burlingame, A. Montenagni of San Mateo, and Al Roth of Burlingame, were re-elected. The officers were installed the same evening, with Past President Al Lucier of Redwood City officiating.

During the meeting plans were made for the union's annual ball, which is to be held Feb. 8, in the Burlingame Masonic Hall.

Kensington Petitions Put in Circulation

Kensington Square Improvement Club leaders today were preparing petitions to be circulated in their newly-built district as the first move in the proposed annexation of the tract to the city of Redwood City.

Members of the organization said that the petitions would be put in circulation in the near future and probably would be presented before the city council at an early meeting.

On the petition committee are H. Hutchings, Fred T. Kubes, James Russell and Walter M. Clark.

At the organization's last meeting, a vote of 13 to 7 was cast in favor of the proposed annexation. There are approximately 40 homes in the tract, which is located at the southwest boundary of the city.

The United States contains about 319,000,000 acres of arable land.

Drive for Greek Relief To Be Pushed in State

"The glory that was Greece has grown mellow with time. But the glory that is Greece today flames bright as the torch of Liberty."

Put in the words of Spyros Skouras, Greek-born motion picture executive and national director of the Greek War Relief Association in America, friend of Premier John Metaxas, these words need no explanation.

Skouras recently flew to the West Coast to establish the Western branch of the Greek Relief Association, appointing his countryman, Peter Bourdoures of San Francisco, as regional director. This drive is being carried by Bourdoures into every town and hamlet in Northern California with the aid of volunteer associates.

Just returned from a trip to Washington and New York, Bourdoures brought word of a nationwide campaign designed to raise 10 million dollars to send to his homeland.

"All of the 10 million with the possible exception of 1 per cent will go to Greece to take care of those whose homes were destroyed and for hospitalization, clothing and food for the wounded and desolate," he stated.

In Redwood City, a committee for Greek relief is being headed by Antony Marcopolis, who is aided by George Katsukos and Floyd F. McCue. Anyone interested in securing additional information with reference to ways and means of assisting in this cause may call Marcopolis at Redwood 1161.

Subdivision Plan Delayed

Purchase of the 6½-acre "Butcher Field" near Southern Pacific depot today bore the recommendation of Redwood City Planning Commission.

The recommendation was made during a commission meeting in the city hall Monday. The city parks and recreation commission previously went on record favoring purchase of the field as a prospective playground site.

The city council will receive the recommendation of the planning body Monday night. Redwood City Commuters' Club originally urged purchase of the field for $55,000, as part of a proposed $100,000 long-range program for playground development.

Continued to the next meeting of the planning commission were consideration of subdividing some lots in Block 8, Central Park, and installing a sidewalk on the north side of James St. near the railroad depot.

European kings and nobles used to have "pipe masters," who "broke in" and cared for the royal smoking implements.

DRIVER FOUND GUILTY

Water Company Loses Income Tax Suit

Bear Gulch Water Co., predecessor to California Water Service Co. at Menlo Park, Atherton and Woodside, was not operated for educational purposes although it was owned by University of California's board of regents and consequently must pay income tax of $6888.70 for 1933 and $7645.74 for 1934, the U. S. Circuit Court of Appeals ruled on Monday. The firm had claimed that it was "organized and operated exclusively for educational purposes" because its stock was owned by the U. C. regents. The court held that the company was a business enterprise "conducted for gain."

Community Service Award Presented To Dr. Andrews

In America, "the one section of the world where people can think and do and say what they want," citizens should enjoy themselves, according to Joseph S. Thompson of Los Altos, San Francisco businessman, lecturer and traveler.

And that is what 256 of them—and more who arrived after the dinner—did Wednesday at the Ninth Annual Community Dinner at which Thompson was the principal speaker.

Apparently one of the most enjoyable of the long series of enjoyable affairs, Wednesday's dinner, as had previous ones, saw the serving of a delicious meal, the enjoyment of good fellowship, the presentation of the Community Service Award, the singing of songs, the rendering of the president's annual report, and the election of directors of the Redwood City Chamber of Commerce.

SIX DIRECTORS NAMED

Elected unanimously as directors were Bruce M. Knox, manager of Montgomery Ward & Co.'s store; Teddy Lauman, realtor and builder; H. C. Mitchell, shoe merchant; Ole S. Oleson, motor car dealer; L. E. Wolbert, superintendent for the Pacific Gas and Electric Co., and Kenneth L. Bowen, editor of the Tribune. (Pictures on page 6.) They had been nominated by a committee of past presidents headed by Henry Witte.

They will serve with Holdover Directors Rebecca Weiss, Norman S. Menifee and Frank A. De Patta. Within 10 days, the nine directors will meet to organize for the coming year.

Unable to attend because of his recent illness, outgoing Pres. Sam H. Winklebleck submitted a report through Vice Pres. Carl E. Ward in which he expressed appreciation to Ward; H. C. Mitchell, chairman of the Merchants Committee; Fire Chief Mark E. Ryan; Lewis E. Franklin, chairman of the Twelfth Night Celebration Committee, and "to many of you in the audience for your kind thoughts and interest in my physical well-being during the past three months."

BABY CLINIC LAUDED

In presenting the Community Service Award on behalf of Redwood City Post 105, American Legion, and the Tribune to Mrs. Nelson Andrews, T. Louis Chess of San Mateo paid warm tribute to "an outstanding person in this community" and to the Woman's Club for sponsoring the Well Baby and Pre-School Clinic, which Mrs. Andrews, a physician, conducts voluntarily.

Chess, past area commander of the Legion, recalled that the veteran's organization itself since 1934 had sponsored a child welfare program in conjunction with the Legion Auxiliary and its fun organization, the 40 & 8 Society.

After the engraved electric clock had been given to Dr. Andrews as the audience stood and applauded, she credited success of the clinic "to those other women who have helped, and to the young mothers who have carried out instructions" regarding care of their children, and expressed regrets that they could not be present to "share this glory with me."

'GRATEFUL TO ALL'

She also thanked the sponsoring Woman's Club; physicians, druggists and dentists who have co-operated; the school board and county for furnishing quarters; the Legion and the Tribune for the award, and others "for the many kind expressions passed on to me."

"I do feel grateful to you," she declared, "and I do feel that you are all my friends and are willing to continue to help and to co-operate with me."

Chess was presented to the audience by City Councilman Floyd D. Granger, chairman of the Legion's service award committee.

Following the presentation, Thompson was introduced by J. A. Buhler, chairman of the dinner meeting, to discuss "This Country of Ours." After tracing briefly the history of the country, which he said had always been "fair and square" in its acquisitions of land and territory, in contrast to the seizures of other countries now practiced by the totalitarian powers, Thompson pointed out that America was still democratic, still free, and the only place where "a group this large" could meet and not need to look around to see if it were watched, and members of the crowd did not have to fear the consequences of what they said to each other.

GOLDEN RULE USED

He expressed the hope that a higher "moral code" could be attained even than the Golden Rule, which he said had caused the nation to "arrive at the stage where it is today—where we can interest ourselves in pre-school care of children, for instance, instead of trying to grab our neighbor."

As a result of this freedom and ability to enjoy ourselves, Thompson said, citizens should do so. Whereupon he explained that the "first part" of his talk was done and he would go into the "second part." This consisted of the telling of a sequence of humorous dialect stories representing the various nationalities that make up the population of the United States.
